Biography

Hi! My name is "Snickers" and I came into rescue with my sister "Hazel" when our family lost their home. I am really different looking...I have one brown eye and one blue eye, quirky ears, and longer legs. My foster mom says my looks make me unique. "Hazel" and I are a team and even though I am older I really depend on her. I can't imagine being without "Hazel" even though she can be bossy. I am potty trained, crate trained (we love sleeping together in our crate under a fleece blanket) and adore being outdoors in our fenced backyard. If you have room in your home for the two of us we would be eternally grateful.

Note: "Hazel" & "Snickers" are being fostered in MD and will only be placed with a family willing to drive to Maryland to meet them and to pick them up.
